SATELLITE SCAN™

Unleash the power AI-generated communication habits to transform conflicts into trust.

Great job on completing the Satellite Scan™ to measure your communication patterns! This is just the beginning of your personal growth journey. The Scan dashboard report gives you a full and accurate view of your communication strengths and areas that need improvement. With the help of walk-through videos, you'll be able to identify the behaviors you want to change and build upon your existing communication strengths.

So get ready to learn and grow - this report will be an amazing tool to help you become an even better communicator! 🚀🌌

8 LENSES OVERVIEW

EGO

“Conflict Triggers”

To understand yourself, your diversity triggers and reduce drama conflicts.

DYNAMICS

“Relationships”

To pinpoint where and how to improve the way feedback and process learning is done.

INFLUENCE

“Actions & Decisions”

To increase influence communication without compromising on respect.

ATTITUDE

“Growth Mindset”

To identify the intrinsic drivers and attitude to unplanned change.

CHAORDIC

“Time Use”

To identify which templates, roles, rules and guidelines would help reduce chaos and waste of time

FLOW

“Motivation Radar”

To check how well tensions are being turned into flow and motivation.

ALIGNMENT

“Empathy & Integrity”

To increase trust and reduce misunderstandings due to misaligned (incongruent) communication.

NEEDS

“Unlocking Factors”

To choose which needs to focus on when connecting with people to reduce dysfunctional conflicts.

HOW TO USE THIS REPORT

1. PRINT

This detailed report is designed to be used with the printable summary worksheets which have white background. Start by printing these pages from the end of this document.

2. VIDEO

How to understand the results?
This report comes with a detailed video walkthrough explanation which you can [find in this link](#), or by scanning the QR code on your phone.

3. NOTE

If you'd like to learn more about a particular topic or data point, simply note it and look up the four number reference in our YouTube channel. New videos are added weekly.

What is measured?

Description of how it is measured.

5 BARRIERS

The 5 Barriers to Communication

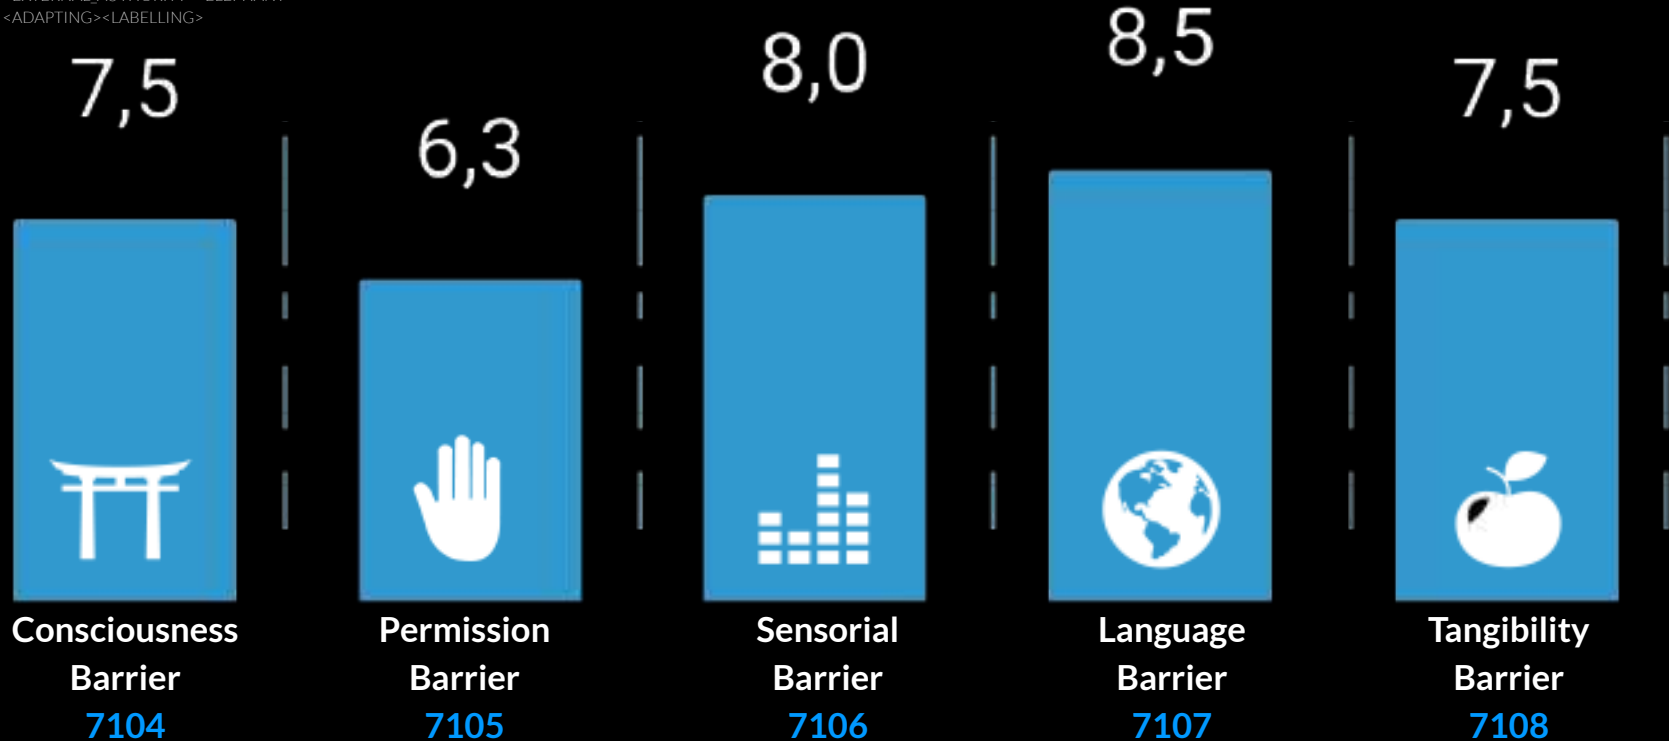

This chart shows the 5 communication barriers which you are able to cross.

High scores means a high ability to cross that particular barrier.

<SELF_AWARENESS><CHECKING_ASSUMPTIONS>

<EXTERNAL_AUTHORITY><ELEPHANT>

<ADAPTING><LABELLING>

EGO HATS

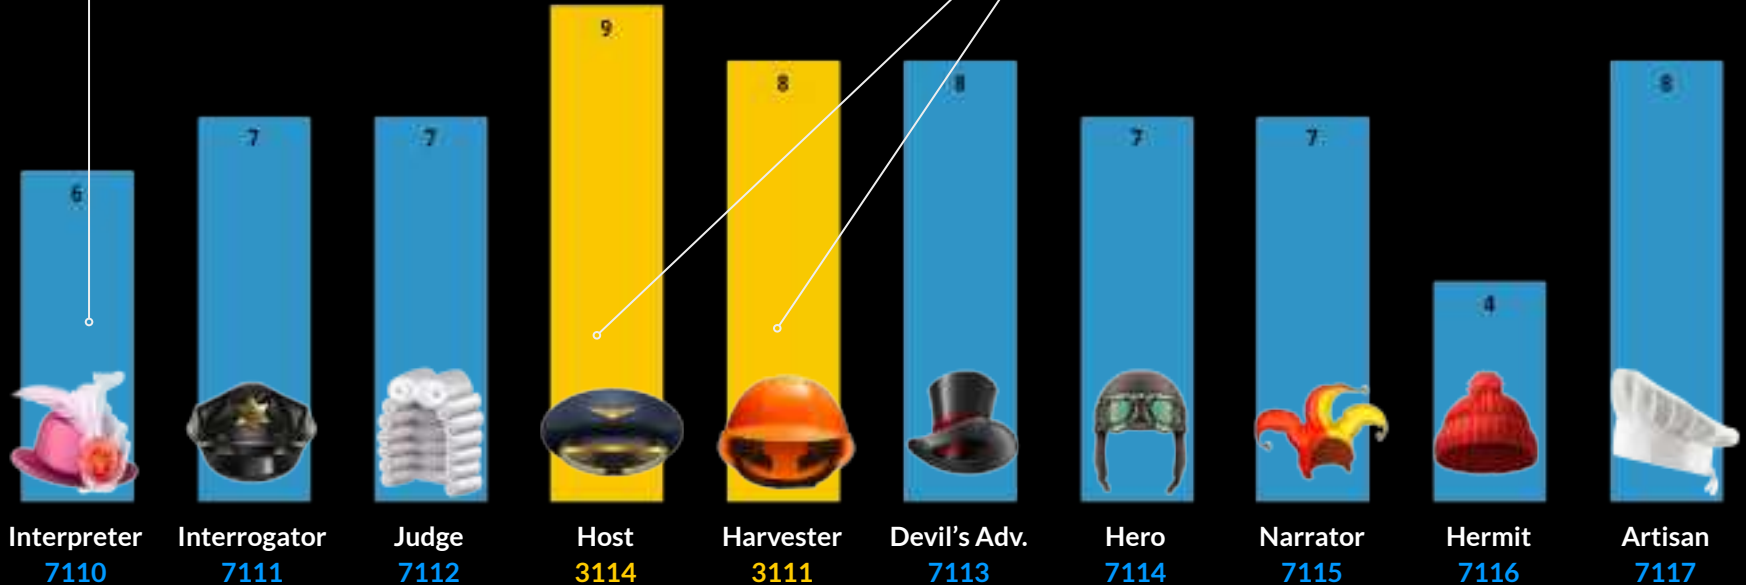

Ego Roles or “Hats”

This chart shows the scores for your most common social ego roles which you use most often at work when communicating. This is measured through statements of behaviours with scales from 1 to 10, where 10 indicates you often choosing this behaviour. <EGO_ROLES>

Ego roles are linked to Chaordic Balance

Each “ego” role is neutral, and can lead to constructive or destructive behaviour depending on if the person is stressed, bored or in a state of flow. The yellow lenses show more challenging roles which serve the collective intelligence by focusing on Chaordic balance.
